

GREEKS WILL TALK PEACE WHILE THEY'RE FIGHTING

Refuse to Sign Armistice and Begin Bombardment of Janina.

French Premier Warns Balkan States They Must Assume Financial Obligations to France if They Annex Turkish Territory and Reiterates Loyalty to Russia and Great Britain.

[BY CABLE AND A. P. TO THE TIMES.]

LONDON, Dec. 5.—Greece announced tonight that she would participate in the peace negotiations.

It is explained both from Sofia and Athens that Greece held out from the armistice, in agreement with the allies, in order to prevent Turkey from profiting from the armistice to improve her military positions.

The explanation is given that Greece's course was due to her anxiety that her naval action should not be interrupted in the Ionian Sea in order to prevent the revictualing of the Turkish army in Epirus, and in the Aegean Sea, in order to prevent the transport of Turkish troops to Thrace with respect to which Greece considered the interests of her allies rather than her own.

The chances for the conclusion of peace would have suffered from the reinforcement of the Dardanelles and Thracian garrisons.

The statement refers to the Turkish treaty recently signed as proof that it is not necessary that peace negotiations shall be preceded by an armistice.

An unconfirmed report from Athens says the Greeks are continuing their operations against Janina, but elsewhere orders have been received to cease hostilities.

Reports current yesterday that arrangements had been made for revictualing the besieged garrison appear to have been inaccurate.

Revictualing will not begin until the peace conference has been inaugurated.

The Bulgarian government organ, Mir, in an editorial today, alludes to the advantages to Turkey of a good understanding with Bulgaria.

It declared that Turkey's salvation lies not in continuing the war, but in seeking a rapprochement with Bulgaria.

FRANCE SERVES NOTICE.
The French Premier, M. Poincaré, in a speech in the Chamber of Deputies, made an important pronouncement, indicating that the difficult problems would be solved by the peace conference, and expressed the hope that Turkey speedily would recover her prosperity.

He said it would be necessary to determine what part of the Turkish public debt should be taken over by the Balkan states, and added that France probably would arrange special conventions with the allies for the protection of French interests in the conquered territories.

ORDER NAVAL FIGHT
IN DARDANELLES.
[BY CABLE AND A. P. TO THE TIMES.]

CONSTANTINOPLE, Dec. 5.—The Turkish fleet is concentrating in the Dardanelles. The government has decided to order it to engage the Greek fleet, but there is much skepticism regarding the probability of a naval battle.

GREEKS TO SIGN SEPARATELY.
Leader of Albanian Protest to Vienna Against Gunboats Bombarding Avlona.

LONDON, Dec. 5.—An armistice between Greece and Turkey is to be signed in London, it is being reported to a news agency dispatch from Constantinople. Small Kemal Bey, the leader of the Albanians, has telegraphed to Vienna from Avlona, protesting against the bombardment of the city.

Vice-President-Elect Marshall Urges Christian Harmony Before Federal Council at Chicago—Divorce Reform and Stricter Marriage Laws Recommended by Committee on Home Life.

[BY WIRELESS LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] The divorce problem, the liquor question, Sabbath observance and other reforms bearing directly on home life were urged today at the session of the Federal Council of Churches in America at the Hotel La Salle. Delegates representing thirty-two denominations and 17,000 members are in attendance.

Thomas B. Marshall, Governor of Indiana, and Vice-President-elect of the United States, stepped out of the atmosphere of politics into one of religion when he came to Chicago in the day to attend the day's meetings. Though he came as a representative of the Presbyterian church and was booked to speak tomorrow he was allowed to address the delegates when he appeared at the session.

CHURCH UNITY.
The Vice-President-elect said he believed there should be more unity among the churches adding that he did not believe the time will ever come when all the churches of the country will be really amalgamated into one body with one creed, but he expressed the belief that "they will work more in harmony and for the common good." He said he had seen the time when there was more understanding when a church succeeds in getting a member away from another church than when it gets a new member.

George P. Eckman, chairman of the Committee on Home Life, made a report in which the growing ten-

dened by two Greek gunboats, according to a dispatch from the Austrian capital.

Porte Names Plenipotentiaries.
CONSTANTINOPLE, Dec. 5.—[By Cable and A. P.] The Turkish plenipotentiaries in the peace negotiations, it is understood, will be Tewfik Pasha, Ambassador to London, Osman Nizam Pasha, Ambassador to Germany and Rechad Pasha, Minister of Commerce.

RESPONSIBILITY.
"When Great Britain no longer assumes sole responsibility for defense upon the high seas," he said, "she can no longer undertake to assume sole responsibility for the sole control of foreign policy."

He quoted a memorandum prepared for the Canadian government by the admiralty. It reviewed the recent growth of the naval forces, especially those of Germany.

It stated that in the spring of 1915 Great Britain would have in home waters twenty-five dreadnaughts, two Lord Nelsons and six battle cruisers.

Germany, seventeen dreadnaughts and six battle cruisers. Today Britain has sixteen dreadnaughts and three battle cruisers, while Germany has sixteen dreadnaughts and three battle cruisers.

WIFE AT WIDNEY'S SIDE; MOTHER FEARS THE WORST

Woman Who Is Alleged to Have Shot the Los Angeles Man in San Francisco Proclaims She Loves the Victim of a Bullet from Her Revolver More Than He Loves Her—Fighting Chance to Recover.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO BUREAU OF THE TIMES, Dec. 5.—[Exclusive Dispatch.] Robert J. Widney, shot by his paramour, according to the police, today being nursed by his wife and his mother.

Widney is at the Morton Hospital. His condition is critical.

The victim of an outlaw infatuation today conscious and unable fully to appreciate the full measure of unquestioning devotion that is being shown him.

News of the shooting brought Widney's wife and mother to Los Angeles. Mrs. Robert Widney, who has no reproach for her husband, she said, today being nursed by his wife and his mother.

WIFE'S STATEMENT.
"Bob has been trying to get free of this woman," said Robert Widney. "She said she would kill either him or me. He came up here to get some letters she had. He has been trying to get out of her."

Widney's mother, who has been attempting to carry out her threat about killing him.

The wife was pale, but kept herself under some appearance of self-possession. The mother had no comment to make on the circumstances of the shooting. Her first question was, "Please tell me how he is."

The wife and mother were met at the depot by Dr. and Mrs. Otto C. Josten. Mrs. Robert Widney is a sister of Mrs. Josten. They will make their home while in the city with the Jostens.

They left immediately in Josten's automobile for the city.

WIDNEY SILENT.
If Widney had made any statement regarding the shooting the police do not know if it. No effort was made yesterday to obtain one from the wounded man, who was silent when he chose to rouse himself, but who remained in a semi-conscious state for the greater part of the day.

Mrs. Lyons recovered from the effects of a great quantity of wine which she imbibed in company with her mother-in-law, but she made no other statement than she made the previous day. Mrs. Lyons insisted that she loved her husband.

SHE LOVES HIM.
"It has been published widely in the accidental shooting of Mr. Widney in my apartment yesterday afternoon," said Mrs. Lyons, "and I love him very much."

"I would be a better way to put it that I love him very much in love with him. I met him a year ago in Los Angeles. I have loved him ever since. He is absolutely true to the state."

"I have loved him ever since. He is absolutely true to the state. I have loved him ever since. He is absolutely true to the state."

his arrival in the city last Tuesday. He was seated at the dresser examining some trinkets and I was engaged in mixing a sherry and egg at the buffet. A revolver which my husband had given me was lying on the dresser, and I did not know he had it in his hand until I heard the shot.

"Be careful, Robert," I said. "You know that once he had it there was a shot fired accidentally in the bungalow. I was nearly shot then, and if that should happen to either one of us the other would be suspected and detained."

"At that time I did not know he had it on him, but I did know that he had collapsed on the bureau. I realized at once that he was badly hurt, and I did not know what to do. This is absolutely all there is to the whole matter and if he could talk he would verify every word that I have said."

Words came from the hospital tonight that the condition of Widney was not serious, but it is too early to predict that he will do so that there is more than a fighting chance for his recovery.

WIDNEY'S STATEMENT.
BLANKS MRS. LYONS.
AT A P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, Dec. 5.—Robert Widney, told his mother, Mrs. R. M. Widney of Los Angeles, and his wife, at the hospital tonight, that Mrs. Lyons had shot him.

"She held the revolver against my heart," he said. "I thrust the barrel away, so the bullet struck my abdomen. After she had shot me, she pointed the weapon at me again, but I missed it. She then held it against my head and pulled the trigger, but it missed again."

"I had three shots in it," she said, "two for you and one for me."

Mrs. Lyons, visited the scene of the shooting tonight, with her client, who had been in the room, and she found a box of love letters, written by Widney to Mrs. Lyons.

Mrs. Widney said she would aid her husband in every possible way. Her father-in-law will arrive from Los Angeles tomorrow.

MOTHER STEALS SHOES: FINED.
(BY WIRELESS LINE TO THE TIMES.)
CHICAGO BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] A mother who stole a pair of shoes for her 3-year-old child, was fined in court yesterday. "I wanted shoes for the baby's Christmas, and was to go to buy them so I just took them," Judge said Mrs. Ellen Nelson. "Won't you let me go this time, I'll never do it again." When Judge Scully fined the woman, she surprised the court by paying the sum—\$5.

CHICAGO BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] Miss Catherine McHugh, known as the "prettiest girl in the county building," was fired yesterday because of her beauty. Too many county employees loitered in the room where Miss McHugh worked as a stenographer. President McHugh said she was in no way responsible for her discharge.

POLES TO AID FATHERLAND.
(BY WIRELESS LINE TO THE TIMES.)
CHICAGO BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] A national movement in America has been started by the 200,000 Poles in Chicago to raise money to assist Poland in her struggle for liberty, as soon as the expected revolution there, against the Russian Czar is started. At least \$100,000 is to be raised in Chicago. Troops are to be sent to the fatherland. Meetings will be held throughout the United States. The selling of the mobilization of 500,000 Russian troops along the Polish frontier have served to arouse further patriotism of the local Poles. Two meetings have already been held and three others are planned for Sunday.

HOW WILSON DODGED BRYAN.

Went to Bermuda to Escape Commoner in Florida.

Wrote Back He Would Meet Nebraskan on Return.

Executive May Have Cooked Hat Still in Mind.

(BY A. P. NIGHT WIRE TO THE TIMES.)
HAMILTON (Bermuda), Dec. 5.—The story of just how the president of the approaching conference of President-elect Wilson with William J. Bryan came to be made was told today. It seems that just before Mr. Wilson's departure from Princeton, and while he was in writing his destination record in order to avoid callers, word came to Mr. Bryan that Mr. Wilson was going to Florida. It happened that Mr. Bryan already had made plans to go to Florida and in writing the President-elect casually mentioned the fact, adding that he might drop in on the next President some day if the latter happened to go to Florida.

WILSON NOT WORRYING.
The President-elect is not permitting himself to be worried by any factional differences affecting his administration. "I know that there have been all sorts of rumors," he said today, "but there is not going to be any trouble. Why, it would be downright stupidity to start trouble in the present state of things and those who claim to be going to be fooled, and badly fooled, too."

It is known that Mr. Wilson's mind is on one thing only—how to meet his many duties. He has no single adviser. He has said that anyone who has followed his course in public life knows that it is contrary to his principles to form individual alliances. His idea is to counsel with all those who are in a position to aid him in the furtherance of policies that are for the common good.

WILL MEET MANY LEADERS.
Immediately upon his return home to his own people, Mr. Wilson will meet many leaders, though no engagement other than that with Mr. Bryan has been made.

Twice Married and a Grandfather.
William J. Jackson still looks like a young man. (BY DIRECT WIRE TO THE TIMES.)
BALTIMORE, Dec. 5.—[Exclusive Dispatch.] William J. Jackson of Salisbury, Md., who has been elected to the United States Senate to succeed the late Senator Bayne, belongs to the young men class. He will be 45 years old next January. Although he has been twice married and is a grandfather, he is youthful in face and young in his ability to enjoy life. He is a member of the Republican National Committee from Maryland and a man of large affairs. His large income is derived from the fact that he is an active member having plants at Salisbury, Md., and in North Carolina. He also is president of the Salisbury National Bank and the Home Gas Company and is connected with various enterprises in his home town he is known as "Will," while his father, William H. Jackson, who served several terms in Congress, is known as "Uncle Bill."

The Jacksons were among the pioneers in the lumber industry in Maryland and have since been engaged in the same. Senator Jackson has a beautiful home in Salisbury and a lodge in the Adirondacks, where he and his wife, entertain friends during the summer.

MAY BUILD BOTH SHIPS.
WASHINGTON BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] Both the fuel ships authorized by Congress at its last session may be built at the same yard. The original plan was to have one of these vessels constructed at the New York navy yard and the other at Mare Island. The bid of the Mare Island yard, however, was so much lower than bids submitted by the New York yard that the department concluded to have both vessels built on the Pacific Coast.

Storage.

COLORADO RIVER DAM MAY BE BUILT AT ONCE.

(BY WIRELESS LINE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] Gen. Frank C. Prescott, of Los Angeles, is in Washington today on the project for the storage of the food waters of the Colorado River. Senator Works informed him today that he believes the settlement of the difficult problem of the Colorado River is a work of ultimate necessity aside from any other river or waterway, and should be submitted to Congress on its own merits and not in any amendment to another bill. Representative William D. Stephens, in conversation with Gen. Prescott, stated that he fully approved a general plan to store the waters of the Colorado River and the method of obtaining that end should be by original bill or amendment to the Newlands bill. The international features do not, Maj. Stephens suggested, present any

Does Drink Habit Make You Money or Friends?

Take One Good Look into the Past and See If You Can Remember a Single Dollar or Useful Friend Gained Through the Habit of Drinking.

Then try to remember the many dollars lost and useless, harmful friends gained in bar-rooms through your drinking life. The comparison will not look well and should cause all of you drinking men to stop and consider just where drink habit is leading you. The habit of drinking, business and home life will not mix and you will not live long enough to boast of how you "whipped the drink habit," but you will live to realize how badly drink habit has whipped you.

Stop drinking and see how different the result of a few years of sober life will be. You will have a financial standpoint, compared with the same number of years spent drinking your income away. If you have drunk until you cannot stop, once and never take another drink you should take the Neal Drink Habit Treatment, which is a harmless, vegetable remedy that never fails to remove all craving and necessity for drink in three days, without the use of painful, dangerous hypodermic injections.

Dr. Neal, originator of the Neal Drink and Drug Habit Treatment, will spend the winter at the Los Angeles Neal Institute, 945 South Olive street, and will be glad to give full information to those interested for themselves, relatives or friends. If desired our representative will call at the home, hotel or club and explain the Neal method of treatment fully. Write or phone G. U. Neal, Manager, for Dr. Neal's free book. EMPTY YAWL DRIFTS ASHORE.

CREW OF "CHRISTMAS" SHIP AC-COUNTED LOST.

Fishermen find branches of Evergreen Trees in Nets and Are Certain Vessel Rests at Bottom of the Lake—Seamen's Relatives Still Hopeful.

(BY WIRELESS LINE TO THE TIMES.)
CHICAGO BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] A yawl, towing empty on heavy seas off Kenosha and identical in all discernible respects with the single boat which was reported missing from the Simmons, Chicago's "Christmas Vessel," added its own silent testimony today to the tragedy that appears to have been enacted on Lake Michigan last Sunday night.

Whether the ten men now known to have been on the missing boat put out for the shore in the yawl after they realized their ship was doomed and were swamped by the heavy seas, or whether they stayed aboard and the boat was washed home as the Simmons sank, may remain one of the lake's many secrets.

CHRISTMAS TREES IN NETS.
Fishermen, lifting their nets this morning along the shore at Two Rivers Point, Mich., found branches of Christmas trees in the meshes of their nets. The trees, which were still more certain that the vessel which for decades has brought Christmas trees to Chicago, had signalled the opening of the holiday season of good cheer, now rests with all on board at the bottom of Lake Michigan.

Hogan Hoganson, No. 420 Milwaukee avenue, one of the three men believed to be on the missing vessel, the original crew, told of the start of the voyage. Hoganson and two others left the boat when they learned the yawl had deserted the ship—a sign of disaster.

LAKE STEAMER ON ROCKS.

Easton of Booth Line Ashore Near Port Arthur and Tugs Go to Her Assistance.

(BY A. P. NIGHT WIRE TO THE TIMES.)
DULUTH, Dec. 5.—The passenger steamer Easton of the Booth line is reported on the rocks near Port Arthur, Ont., and tug boats have been sent to her assistance. She carries both passengers and freight. Though the Easton is equipped with wireless equipment, the tug boats have been unable to communicate with her. A heavy fog hung over the lake all morning and the Easton went ashore, according to reports, at half past six.

Capt. Fred Kokkonen of the Easton sent a wireless message late this afternoon, saying he did not expect much trouble as the lake was smooth. However, a heavy northwest blizzard is raging on the lake tonight and may have some effect on the stranded vessel.

The Easton left Duluth Wednesday with a heavy load of freight for Port Arthur, and with fifteen to twenty passengers. She carried a crew of twenty-five.

FLASH CHECKS ON LEGLEITNER.

He Sees the Evidence That McNamara Was Paid.

Denver Man on the Stand in Indianapolis Trial.

Details Story of Arrest of the Ironworkers.

(BY A. P. NIGHT WIRE TO THE TIMES.)
INDIANAPOLIS, Dec. 5.—Scenes about the ironworkers' national headquarters when J. J. McNamara, arrested after the Los Angeles Times explosion, were described today by Henry W. Legleitner of Denver, a defendant in the dynamite conspiracy.

Legleitner said he and other members of the union's executive board were in session when the detective arrived. On instructions from President Ryan, he went to guard some papers to prevent their being produced to the union's attorneys. He said he denied knowledge of any explosives were in the safe and internal machine were taken away.

At that time, Legleitner said, he was a member of the committee appointed to audit the union's finances. He identified a check for \$1000 paid to McNamara, dated August 1910, two months before the Los Angeles explosion, but he denied McNamara reported a plot to blow up a bridge near Beaver, Pa., "which the government charges was used for a dynamite crew."

SHOWS THE CHECKS.

Showing the witness cancelled checks marked "get aside for organization purposes by order of the board," which Legleitner said he did not pass upon, District Attorney Miller asked:

"Did you understand that President Ryan appointed you on that auditing office as a fake or to cover up?"

"No," replied Legleitner. Legleitner also was charged with having carried a dynamite train from Pittsburgh to Indianapolis.

On October 19, 1910, Legleitner testified that he had testified that Herbert S. Miller reported a plot to blow up a bridge near Beaver, Pa., "which the government charges was used for a dynamite crew."

GETTING DANGEROUS.

When that connection the government was made by Legleitner to McNamara, which it was alleged had been made, Legleitner testified that he had made two trips to the Denver office and found two dangerous persons to get to.

Legleitner testified he meant he had the job on which non-union men were employed and he found two dangerous persons to get to. He testified that he had found two dangerous persons to get to.

INDS NEW CONSPIRACY IN RESTRAINT OF

(BY WIRELESS LINE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, Dec. 5.—[Special Dispatch.] The stock exchanges, most of the clearinghouses, and the money market, and especially in Wall street, are in a state of restraint of trade.

The sensational statement made by Congressman Pujo of Louisiana, chairman of the House Banking Committee, and head of the Money Trust, given out in a statement, is a state of "conspiracy in restraint of trade" to deny them the use of money under the Sherman anti-trust law. The statement was the most sensational that has thus far come from the Money Trust investigating Committee.

Mr. Pujo, "that the stock exchanges, as well as most of the clearinghouses, are in a state of conspiracy in restraint of trade. As such all their interest in business should be barred from the of the mails."

CONSTIPATED, HEADACHY, BILIOUS,
TONGUE COATED?—CASCARETS SURE
Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head-
aches come from a torpid liver and clogged, constipated bowels, which cause
your stomach to become filled with undigested food, which sours and fer-

"Pajo."
SHOULD NEW CONSPIRACIES
IN RESTRAINT OF TRADE.
[BY WIRELESS LINE TO THE TIMES.]
WASHINGTON BUREAU OF THE
TIMES, Dec. 5.—[Special Dis-
patch.] The stock exchanges, most
of the produce exchanges, most
of the clearinghouses throughout the
country, and especially in Wall street,
are in a state of extreme nervousness
over the sensational statement made
yesterday by the House of Representatives
committee on the Money Trust.
The statement, in a state-
ment out today, Mr. Pajo said
the proper method of dealing
with the "conspiracy" restraining on
the use of the money trust was to
deny them the use of the
United States mails and prosecute
under the Sherman anti-trust law.
The statement was the most sen-
sational that has thus far come from
the Money Trust Investigating Com-
mittee. It is shown clearly,
Mr. Pajo, "that the stock ex-
changes, as well as most of the clear-
inghouses, are conspiracies in restraint
of trade. As such all their interest
should be barred from the
mails."

NEW YORK BUREAU OF THE
TIMES, Dec. 5.—[Special Dis-
patch.] Neither the high cost of
diamonds, nor the continued in-
crease in the price of diamonds, has
had any effect upon the
American public for diamonds,
and other precious stones,
have been shipped to the
amount of \$3,415,529, ac-
cording to the figures just compiled
by William S. Treadwell, jewelry ex-
aminer at the appraisers' stores. These
figures show the total value of gems received
here this far this year to more than
\$3,400,000, and Maiden Lane im-
porters estimated today that the
December shipments would make a
grand total of about \$41,000,000.

Democracy Accept Count.
SAN FRANCISCO, Dec. 5.—The
Democratic State Central Committee
will not question the official count
of the California ballots in the Presi-
dential election, as returned by the
Secretary of State. This decision
was reached at a conference today
between J. O. Davis, chairman of the
State Central Committee, and State
Senator A. Carmichael, chairman of
the Executive Committee. Several
other Democratic leaders were pres-
ent.

More Negroes than All Other Govern-
ments of His State Combined Since 1876.
Announcing that there has not been
lynching in North Carolina in six
years, Gov. Kitchin of that State said
the sentiment for standing by the laws
daily gains strength. He believed
there should be convictions in nearly
every case when there is a lynching.
Gov. Mann of Virginia added that he
would call out every soldier in the
State if necessary to protect a man
under arrest and give him a fair trial.

Gov. Oddie's Views.
Gov. Oddie of Nevada contended
that Nevada in the great majority of
instances had performed a signal duty
in behalf of human happiness and
morals by making divorce easily ob-
tainable. He insisted that divorces
granted by the Nevada courts formed
but a negligible part of the divorces
granted by the country as a whole.
An overwhelming portion of the Ne-
vada divorce colony at Reno, he said,
came from about four or five Atlantic
Coast States, "the divorce laws of
which are of considerable antiquity
and corresponding harshness."

ject connected with the dis-

passenger schedules were
announced. The carrying out of
the Supreme Court decision for a segre-
gation of the roads is outside the
jurisdiction of the officials attending
the conference here. The conference
will be continued tomorrow.

The Residential Masterpiece

To those who seek a living place that shall forever be distinctive---exclusive---and without a counterpart---Windsor Square is the only answer.

Its charming location---its fashionable approach by Wilshire Blvd.---its broad parkings, beautiful shrubberies, artistic lighting---its splendid paving---its complete sewer and conduit system---its protective restrictions and magnificent homes---all combine to make of Windsor Square a community that is in a class entirely alone in Southern California.

The discerning man will appreciate the investment opportunity present frontage prices assure.

TWO MURDERERS TO HANG TODAY

Chinese at San Quentin, and
Negro at Folsom.

Gov. Johnson Pardons Two
Long Term Convicts.

Woman Dead, Man Dying in
Hotel Tragedy.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Dec. 5.—Two
executions will be held tomorrow—
one in San Quentin and the other in
Folsom. Edward Delehante, a negro
who murdered a fellow convict in
San Quentin, will be executed in Folsom,
and Willie Luis, a Chinese who
murdered his father, a Chinese
American wife in San Luis Obispo
county, will be hanged in San Quen-
tin. There were to have been four
executions, but the Governor issued
reprieves setting aside two of them,
leaving the number to one in each prison.

SEEK PAROLE FOR SLAYER.

EFFORTS TO FREE BROTHER-IN-
LAW OF SENATOR WORKS.

Many Shelbyville People Sign Peti-
tion for Release of Charles E.
Vannett, Who Killed Lawyer for
Reflecting on His Wife, Sister
of California Solon.

(BY DIRECT WIRE TO THE TIMES.)
INDIANAPOLIS (Ind.) Dec. 5.—
[Exclusive Dispatch.] A strong ef-
fort is to be made before the State
Board of Pardons at its session here
next week to secure a parole for
Charles E. Vannett, the Shelbyville,
(Ind.) man who shot and killed
Charles H. Tindall on a public street
last year. Vannett is a brother-in-
law to United States Senator Works
of California, having married a sister
of the western statesman.
Vannett was sent to the penitentiary
after a spirited trial on the charge
of voluntary manslaughter. Tindall,
the man killed by Vannett, was an
attorney in Shelbyville and was a na-
tional officer of the Court of Honor
lodge. The trouble which led up to
the shooting, came about through
Tindall making reflections on transac-
tions of Mrs. Vannett, who at one time
was connected with the financial de-
partment of the lodge. An investiga-
tion exonerated Mrs. Vannett, but the
taunts of Tindall continued.
A large number of Shelbyville peo-
ple have signed a petition for Van-
nett's parole, although he has served
but little more than a year of his
term. Public sentiment at the time
of the trial was with the elderly Van-
nett, who is a Civil War veteran.

GOVERNOR PARDONS TWO.

Relieves Convict of Short Sentence
So He May Be Paroled on Twenty-
Year Term.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Dec. 5.—To clear
the obstacle—a sentence to one year
in San Quentin prison—blocking the
way for a parole at the hands of the
State Board of Prison Directors, Gov.
Johnson today issued a pardon to
Robert Garner, whose true name
is Robert McCloskey, and who was
sentenced to San Quentin from San
Francisco in 1902 on two counts for
robbery.
One sentence was for twenty years
and the other for one year, and it
was for the latter that the Governor
extended the pardon.
Under the rules of the State Board
of Prison Directors, they cannot act
upon any application for parole where
the principal is under two felony
sentences.
The Governor also pardoned George
L. Rittman, sentenced to San Quentin
from Alameda county on a charge of
receiving stolen property. It was
shown that Rittman, who is 52 years
old, is losing his mind in prison.

DOUBLE HOTEL TRAGEDY.

WOMAN DEAD, MAN DYING.
(BY A. P. NIGHT WIRE TO THE TIMES.)
CATTLEBURG (Ky.) Dec. 5.—A
hotel tragedy in which a woman is
dead and a man is dying was dis-
covered today with the finding of the
body of Miss Minnie Turner in her
room. James York of Huntington,
W. Va., was dying and a second woman,
who registered with the two as
Mrs. York, professed to know nothing
of the death of Miss Turner. Mrs.
York is believed to be Mrs. Edward
Gillet of Huntington, W. Va., who
was recently divorced. She was held
by the coroner pending an investi-
gation.

HELD ON MURDER CHARGE.

Theological Student Who Stabbed
Another in Hazing Exploit in Mor-
risville, Mo., Arrested.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SPRINGFIELD (Mo.) Dec. 5.—
First degree murder was charged
against Marshall Copeland, a theo-
logical student in Morrisville College,
Morrisville, Mo., in a warrant issued
here today. Copeland is alleged to
have fatally stabbed Bryan Crane on the
college campus last Saturday follow-
ing a hazing exploit of which Cop-
eland had been the victim. Crane
whose home was in Springfield, died
in a hospital here Tuesday night.
Copeland is 24 years old and has a
wife and one child. Crane was 16.

PREFERS DEATH TO FREEDOM.

Prisoner Kills Himself With Table
Knife Rather Than Return to Family
at Christmas.

(BY WIRELESS LINE TO THE TIMES.)
YORK (Pa.) Dec. 5.—[Special Dis-
patch.] Worrying over the prospect
of being released and facing his
family in the Christmas season,
Frederick H. Engle, aged 49 years, a
prisoner at the York County Jail,
killed himself today with a table
knife.
Engle was serving a term of three
months for assault and battery and
his sentence would have expired De-
cember 16. It was the first time he
had ever been arrested.

Helpful Hints on Hair Health

Scalp and Hair Troubles Generally
Caused by Carelessness.

Dandruff is a contagious disease
caused by a microbe, which also pro-
duces baldness. Never use a comb or
brush belonging to someone else. No
matter how cleanly the owner may be,
these articles may be infected with
microbes, which will infect your scalp.
It is easier to catch hair microbes
than it is to get rid of them, and a
single stroke of an infected comb or
brush may well lead to baldness.
Never try on anybody else's hat.
Many a husband is a resting place for
microbes.

If you happen to be troubled with
dandruff, itching scalp, falling hair or
baldness, we have a remedy which we
believe will completely relieve these
troubles. We are so sure of this that
we offer it to you with the understand-
ing that it will cost you nothing for
the trial if it does not produce the re-
sults we claim. This remedy is called
Rexall "93" Hair Tonic. We honestly
believe it to be the most scientific
remedy for scalp and hair troubles,
and we know of nothing else that
equals it for effectiveness, because of
the results it has produced in thou-
sands of cases.

Rexall "93" Hair Tonic is devised to
banish dandruff, restore natural color
when its loss has been brought about
by disease, and make the hair nat-
urally silky, soft and glossy. It does
this because it stimulates the hair
follicles, destroys the germ matter,
and brings about a free, healthy cir-
culation of blood, which nourishes the
hair roots, causing them to tighten
and grow new hair. We want every-
body who has any trouble with hair
or scalp to know that Rexall "93" Hair
Tonic is the best hair tonic and re-
storative in existence, and no one
should scoff at or doubt this state-
ment until they have put our claims
to a fair test, with the understanding
that they pay us nothing for the re-
medy if it does not give full and com-
plete satisfaction, in every particu-
lar. Two sizes, 50 cents and \$1.00.
Remember, you can obtain Rexall Rem-
edies in Los Angeles only at our
stores. The Owl Drug Co., Inc., Los
Angeles, San Francisco, Oakland, Sac-
ramento, Seattle, Spokane, Portland.

MORSE'S SISTER SUES.

Charges New York, New Haven
and Hartford With Manipulation in
Sale to Pacific Coast Line.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NEW YORK, Dec. 5.—Sue in be-
half of a sister of Charles W. Morse,
the former banker, was filed today
against the New York, New Haven
and Hartford Railroad Company.
The action was instituted by Miss
Jessie Morse in the Court of Chan-
cery as a stockholder of the Metro-
politan Steamship Company. She is
the holder of 167 shares of stock,
alleges that the Metropolitan com-
pany was so illegally manipulated
that it came into the control of the
New York, New Haven and Hartford
Railroad and thereby gave to that
corporation a complete monopoly of
the passenger and freight traffic water
lines between New York and Boston.
Miss Morse requests the court to
have the transactions annulled and
the steamers Yale and Harvard, sold
to a Pacific Coast line, returned to the
Metropolitan Steamship Company.
The Morse bill of complaint also
makes the Pacific Navigation Com-
pany a co-defendant. It is alleged
that the Pacific Navigation Company
obtained the Yale and Harvard
through a transaction unfair to the
stockholders of the firm which dis-
posed of the vessels.

CAN'T GET RID OF PACKAGE.

Trust Company Has Parcel Valued
at Thirty Thousand Dollars
Claimed by Several Parties.

(BY DIRECT WIRE TO THE TIMES.)
SAN JOSE, Cal. Dec. 5.—[Exclusive
Dispatch.] Frederick Jansen and M.
C. C. Stierlin today filed in the Su-
perior Court a demurrer to a suit
recently brought by the Union Trust
Company of San Francisco, which
values to rid itself of a package of
\$20,000.
Jansen and Stierlin placed the
package in escrow with the trust
company with the understanding
that it was to be delivered to Frank
L. Dreischmeyer in case the latter
paid \$20,000 within six months for
it. Dreischmeyer paid \$14,604 on
February 24 and then claimed pos-
session. G. A. Mancuso, of whom the
trust company has no knowledge,
also claims it.
The Union Trust Company de-
mands that all those named be re-
quired to interplead and establish
ownership. The demurrer sets forth
that the suit of the trust company
does not state a sufficient cause for
action of interpleader between the
defendants and Dreischmeyer and
that it does not state the nature of
the demands of Mancuso.
Attorneys for none of the parties
involved would give an inkling to-
day of what is contained in the pack-
age in question.

You Seen Our
Wonderful
Collection?

ONE of the most exclusive designs we show, and which we illustrate above—is a lamp of
marked beauty—cut from a solid piece of alabaster, in wonderful bas-relief. The base
curves up to meet an inverted bowl-shaped shade of the same tone, over which is thrown
a delicately cut design in hand carving. A thing of beauty in the daytime, it is exquisite in
the evening, when, from an electric globe hidden in the hollow heart of it, a soft, mellow glow
is diffused through the opaque shade, of sufficient strength to light a room.
—Our very complete line of electroliers, portables and reading lamps should be inspected. We
have these in brass with both leaded and pressed glass shades, also with hammered
copper bases and Tiffany glass shades in mushroom shapes. This effect is new and especially
attractive and striking, with spider webs overdrawn and many different designs.
—Let us shed further light on this subject by showing you our complete lamp display. The
holidays are at hand, and you can decide on no more acceptable gift than may be selected
from our collection of fine lamps.

IN OUR Art Galleries are to be found many most exquisitely beautiful and distinctive
artistic furniture pieces and art wares. The gift seeker will find here many suggestions.

The Christmas Gift Supreme A Knabe Piano

For those who wish, this happy Christmastide, to bestow upon some dear one or
esteemed friend a gift that shall be the highest possible expression of their true regard
—there is in all the realm of suggestions no conceivable gift that can compare with a
KNABE PIANO.

The Knabe is the world's recognized musical masterpiece. Its exquisite and incomparable
tone is known and appreciated wherever music is known—and to Messrs. Knabe and
Company, belongs the credit of breaking away from the trammels of conventionality and
making piano cases reflect art in its truest form.

The Fitzgerald Music Company is the sole factor in the southern half of California,
Arizona and New Mexico for the house of Knabe. We are now at home in our
splendidly appointed new ware rooms at 947-949-951 South Broadway—and have
gathered an unsurpassable showing of Knabe Grands, Uprights, and Knabe Player
Pianos—all just from the factory and glistening in their newness.

We welcome you to visit us in our new home and inspect the most modern and truly
artistic piano display rooms to be found anywhere in America.

Times' Midwinter Number

Southern California's Message to the World

First Forms Now Ready for the Press

The Greatest Special Edition
of a Newspaper Ever Pub-
lished in Western America.

Complete in Six Magazine Sections

IT IS THE TALE of the "Land o' Heart's Desire"—a graphic recital of the bulwark of mighty forces that is making of California, and especially Southern California, not only a "Land of Promise," but a "Land of Fulfilment"—a "paradise on the hither side the grave."

IT DEALS conservatively and convincingly with the stupendous development of the Southland. . . . It recites the story of the sensational unfoldment of Metropolitan Los Angeles. . . . It details golden opportunities in unnumbered fields of endeavor for breadwinner and capitalist. . . . It reviews the inconceivable wealth of natural resources tributary to Los Angeles. . . . It dwells at length upon the marvels of climate and scenery that make Southern California the "all-year out-door playground" of health, wealth and pleasure-seeking America. . . . It enlarges upon the vast commercial and industrial expansion of recent years—the result of the splendid enterprise of the Southland's progressive, energetic citizens.

PERSONALS.

Edwin Wolff, head of the private banking institution which he named in Philadelphia, with Joseph H. Clement, a capitalist, also of the Pennsylvania metropolis, will be guests of J. C. Ivins, owner of the Ivins apartments, during the next two or three months. They may make their future home in Los Angeles.

Dr. Ralph Arnold, geologist and petroleum engineer of this city, has returned after an absence of several months, most of which time was passed in South America and some of it in Europe. While in South America he has been engaged in a geological survey of Northern Venezuela for a group of eastern capitalists. There were several American geologists, mostly graduates of Stanford University, employed in the work, and he is sending down nine more men to assist him in his work in Los Angeles several weeks.

Felix Heldman and wife, and M. Agrell are registered at the Argonaut from Baku, Russia, where they are principal homes. They are officials of a European ship supply company, which has its principal offices in London, where they started from on this trip. They are natives of Finland and their mission to the Pacific Coast is the study of harbors with a view of arranging for some of their business on this coast. They have visited San Pedro and pronounce it an excellent harbor, particularly on account of its depth.

Abraham Lincoln Brown, head of the firm of Brown Bros., and Louis C. Brown are occupying a suite at the Alexandria. They are interested in private investments of a diverse character, and came from San Francisco. Frank J. Towle, head of the Towle Maple Syrup Products Company, with Mrs. Towle, is registered at the same hotel from San Francisco. W. R. Alexander, a mining man of Tonopah, is staying at the Alexandria.

Mr. and Mrs. L. A. Bigger arrived at the Lankershim yesterday after a tour of nearly 2000 miles in their automobile. They traveled here from Hutchinson, Kan., and had an arduous journey as far as thrills are concerned. Bigger is retired from the grain and land business. F. L. Salter is here from Modesto, Cal., where he is in the ranching business. He is accompanied by his wife, and they are at the Lankershim. Mr. and Mrs. Salter are connected with the United States mint at San Francisco, is also a guest at the hotel.

R. E. Collins, Jr., sales manager of the Whitall-Tatum Company of San Francisco, arrived at the Hayward yesterday for a few days’ sojourn. M. F. Fox, a land operator and attorney of Regina, Saskatchewan, is passing a few days at the same hotel. A party of four tourists there from Detroit is made up of Mr. and Mrs. F. C. Barton and Miss Sarah Doble. Mr. and Mrs. B. Burrbridge are at the hotel, and came from Jay, Okla., where Mr. Burrbridge is in the ship supply business.

A. D. Pala, for a number of years engaged in business in this city, and well known in the Italian and Swiss colonies, has disposed of his interests and will leave today for a long visit with his mother in Switzerland, and a tour of continental Europe. Yesterday he gave a farewell luncheon for a number of friends in R. Neun’s cafe at Vernon.

An automobile party, that came down from Portland, is made up of Mr. and Mrs. D. Albeher and Mr. and Mrs. D. O. Davis. The men of the party are in the lumber business and with their wives are at the Westminster. Allen H. Nye, a bond broker of Denver, is passing a few days at the same hotel, while here on business.

Mr. and Mrs. J. D. Gililand are guests at the Van Nuys. Gililand is manager of the Mt. Tamalpais Tavern, and is on his annual vacation trip. William G. Urdice, a real estate operator of San Francisco, returned at the hotel from his home, Piedmont, yesterday. Among the other guests at the hotel are G. E. Bennett, president of the Philadelphia Shale Company of San Francisco, and his wife; Ivan P. Goodrich, a Philadelphia capitalist, and his wife, and John H. Hether, a real estate operator of San Francisco.

J. A. Murray, who is reputed several times a millionaire, and who has amassed the greater portion of his fortune in Montana, is registered at the Argonaut from Butte, David Feiss, a diamond importer of New York, is staying at the same hotel. R. A. Wheeler, general manager of the Cribben & Sexton Company, is registered at the same hotel from San Francisco.

Doctors Disagree.

OF ELK HILLS.

WITNESSES CAN SEE THINGS IN THE SAME LIGHT.

Espee Friends Tell Tales Different from Those Supporting Government Claims—Pasadena Oil Company President Has Poor Opinion of Star for the Prosecution.

The ancient saw, “when doctors disagree, who shall decide,” is being exemplified in testimony by the Southern Pacific Railroad Company, in government action seeking to set aside patents to land in the Elk Hills, Kern county, on the ground that the 6000 acres in dispute was mineral in character when secured by the railroad.

For months the evidence was taken by the government in support of the contention that the land had been improperly patented to the railroad company and yesterday the defendant corporation had its day in court before Special Commissioner Leo Lowley.

Testimony so far has been diametrically opposed to the showing made by the government and by men who have spent years in the McKittick and Sunset oil fields. They not only declared there was no oil to speak of in the Elk Hills, but they had spent large sums of money trying to prove the government’s position, and had been compelled to quit.

The important witness of the day was E. J. Milver of Pasadena, president of the Consolidated States Oil Company, and field manager of the Silver How Oil Company, both companies having at various times operated in the Kern county oil field.

Vigorous objection was made to the introduction of Milver’s evidence, as operations of the oil company were not in the Elk Hills. Milver said that while did not occur in the Elk Hills country, it was admitted that it was in the immediate vicinity.

The witness was particularly opposed to W. E. Uhl, one of the government’s star witnesses, who had testified to the oil sand and oil seepages in the Elk Hills. Milver said that while operating with the Blodgett and Jewett forces in the Kern county oil field Uhl had “spoke” him like a drunken sailor. He did not have a high opinion of Uhl’s ability as an oil expert.

Milver testified that he had gone to the McKittick field in 1909, had been familiar with the story of endeavors to develop oil both there and in the Elk Hills and Sunset fields, but up to the time the land in the Elk Hills had been patented to the Southern Pacific Railroad he had not heard of any successful exploitation for oil in that country.

On cross-examination, when asked how the witness accounted for the presence of oil sand in the Elk Hills, Milver gave it as his opinion that the sand had been eroded by the wash of the creek along the line of the Southern Pacific Railroad, coming from some point higher up and in no way representing the necessary concomitants. He also said that several of the oil seepages in a number of places indicated by Willis N. Mills, special assistant to Atty.-Gen. Wickert, had been caused by isolated and indicated nothing to him.

The witness, asked what he thought of the experience of a number of oil men in the Elk Hills, who had testified to the presence of oil sand and oil seepages in a number of places indicated by Willis N. Mills, special assistant to Atty.-Gen. Wickert, had been caused by isolated and indicated nothing to him.

Attend Our Recital This Afternoon—
The Welte-Mignon—
The Eskey Pipe Organ—
The Victor Victrola—

 Recitals Every Friday
 Afternoon at 2:30 o'clock

YOU'LL thoroughly enjoy this afternoon's recital. An exceedingly interesting program has been arranged, including selections on the wonderful Welte-Mignon Player and some beautiful Victrola Numbers, which will be accompanied on the Eskey Pipe Organ. This Organ is one of the most modern and beautifully voiced instruments on the Pacific Coast, and contains a wonderful Harp stop. A Competent Musician will explain the recital and set something of the musical value of the Welte-Mignon selections.

THE WELTE-MIGNON—is not a Player Piano in the ordinary sense. It is operated electrically, not by pedals, and retains every characteristic of tone, touch, phrasing and volume of the greatest living Pianists who play on it. In this respect it will give you the real thing. The Welte-Mignon is the only instrument in the world that can play the music of the greatest living Pianists, and it can be played manually like any other piano. It is a wonderful instrument, and a Competent Musician will explain the recital and set something of the musical value of the Welte-Mignon selections.

GATES BILL TO CUT BOTH WAYS

Anti-Sharp Act Dangerous, Says Realty Board.

Less Drastic Legislation's to Be Attempted.

Campaign's Already Driving Out the Swindlers.

The Los Angeles Realty Board declared unanimously yesterday in favor of legislation which shall regulate stock-selling corporations that investors can be protected against fraudulent schemes, but the draft of an act to cover the situation submitted by Senator Leland Stanford, Jr., on behalf of the committee, was regarded as dangerous because too drastic. The committee was asked to frame a new measure from which the objectionable features will be absent.

The meeting, held at Brink's Cafe, was one of the largest this year and the members present were very much in earnest in their desire to take some effective measures against stock-selling corporations which they say are numerous. Discussion of the rough draft of the measure suggested, however, soon showed that the task will be more difficult than at first appeared. Faulty legislation might readily become a two-edged sword which would cut down legitimate enterprises while striking at illegitimate promotion.

Gates, who, with Arthur W. Kinney, Thomas C. Bundy and Charles F. O'Brien, constituted a committee to frame a bill to be submitted at the next session of the Legislature, presented a rough draft of an act entitled "Investment Legislation Act." Before reading it he said that he was by no means satisfied with it in its present form and believed it would have to be materially changed before it could be safely adopted. He said, however, that it will furnish a basis for discussion and bring out practical and definite suggestions that could be more helpful than the more general ones that have been made in former meetings.

The bill was adapted from the Kansas "blue sky" law, which puts the control of investment companies in the hands of the bank commissioner and a bill proposed in Oregon, with changes and adaptations to suit California needs. Kansas is the only State operating under such a law, the Oregon measure having failed to carry at a recent election. In describing the powers and duties of the investment commissioner the suggested bill closely follows the California Bank Act.

The first provision of the draft is that all firms or corporations (except banks, trust companies, real estate mortgage companies, building and loan companies and such firms and corporations as are now under the control of the State Railroad Commission) which shall sell or negotiate for the sale of stocks and bonds in the State to persons in the State shall be known as domestic investment companies and all others as foreign investment companies.

It provides that all such companies shall be under the control of a commissioner to be known as the "Corporation Commissioner" and shall be required to file with him full and detailed statements of their business before selling any stock or bonds. An appeal may be taken from the commissioner to the Superior or Supreme Court upon his refusal to grant a charter or license to an investment company.

It provides that the commissioner shall have general supervision and control over all corporations enumerated with full powers of investigation and subpoenaing witnesses. In all cases where the status or motives of a company appear to be in doubt the commissioner is given power to decide upon his own judgment and discretion. He is empowered to conduct such investigations as he deems advisable and in the same manner as investigations are conducted by the Bank Commissioner and the company investigated is required to pay a stipulated per diem fee.

The commissioner is further empowered to require a statement and proof attached to any company whose assets appear insufficient to meet its obligations and if such company fails to render such statement or if the statement itself appears to be untrue, he may suspend the company. Such suspended company may be restored by application to the commissioner and by complying with the requirements of the act.

After reading the suggested measure Senator Gates said: "In discussing the advisability of legislation on this line we must realize that the responsibility is heavy. We must be careful not to do anything which might throttle or stifle legitimate enterprises but some action is necessary to check the activity of fraudulent promoters."

GRAND JURY TO REPORT.
 Investigation of Lloyd Flasco May Result in True Bills Against Alleged Plotters Today.

The grand jury is expected to report today to Presiding Judge Willis in Department Ten on the results of its investigation of the manner in which F. W. Lloyd, one of the witnesses against Eddie, was arrested under instructions of George Baker following the Lloyd Flasco.

Deputy District Attorneys Blair and Shannon were cloistered in their private offices with various witnesses yesterday and may introduce new evidence today if the grand jury wishes to dig into new angles of the case.

This relates, it is alleged, to attempts to get Elmer E. McDowell, president of the Humane Society, to espouse the cause of the men under fire upon the alleged threat of making public his handling of a certain lawsuit.

While the secrets of the grand jury room have been preserved inviolate by all concerned, it is surmised that the grand jury will first decide today upon the question whether the evidence justifies returning true bills. Later, it is believed the jurors will resume their investigation of other alleged attempts to discredit witnesses for the State in the coming trial of Eddie.

Deputy District Attorney Blair stated that the entire matter was in the hands of the grand jury and that he had not made any recommendations. He declined to discuss the probability of indictments.

Miss Bess Allen, Owensmouth anti-suffragette, who bets \$100 she can outrun any suffragette that ever voted in foot race at the celebration of the arrival of electric cars in her home town tomorrow.

FOOT RACE VERSUS FRANCHISE.

Pretty Owensmouth Maid Puts Forfeit for Test of Speed With Any Suffragette at Celebration.

Suffragettes, attention! Pretty Miss Bess Allen of Owensmouth challenges all feminine believers in equal rights to a foot race, to be held at the big celebration in her home town tomorrow. She agrees to forfeit a \$100 cash guarantee if she loses.

"Suffragettes are lacking in physical development," Miss Allen said yesterday. "I want to prove it. Hence my challenge. Women would be much better off if they devoted their spare moments to healthful exercise and outdoor sports rather than in an attempt to force their way into a field where man has reigned so long."

Members of my sex who contend for equal rights neglect the physical for the mental. They would be better for wives and mothers if they gave more attention to their bodies and less to their minds. Development of the body means development of the mind. The mental and the physical go hand in hand, provided the physical receives first attention.

"Any woman who takes an active interest in wholesome outdoor sports, such as basketball, tennis, golf or any other games of a like character, cultivating a play of the muscles, is better of wit, of greater mental caliber, and is far happier and more contented than the one who devotes all her spare energies to trying to butt into a masculine domain where she has no place."

Miss Allen was born in Texas, is 21 years old, and much of her life has been spent out of doors. She owns her own horse, is an expert rider, and an enthusiastic devotee of basketball. She admits that she voted in the November election, and that she was a stenographer in the employ of the Democratic Central Committee prior to the election, but asserts that she is a radical anti-suffragette for all that.

The race will be held at the big celebration in her home town tomorrow. She agrees to forfeit a \$100 cash guarantee if she loses.

MISUSE OF THE FLAG.

Restaurateur Is Fined for Displaying Placard Advertising Beer, Embellished with Emblem.

The law, forbidding the use of "Old Glory" for advertising purposes, was invoked yesterday against J. F. Miranson, proprietor of a French restaurant at No. 224 North Main street. The attention of the police was called to the presence in the restaurant window of a print of the national flag with a placard advertising beer, and Miranson was warned to take the objectionable advertisement down, but did not do so.

Arraigned before Police Judge Chambers, Miranson said he had no intention of displaying an illegal advertisement. According to his story the flag was in the window six years ago when he purchased the restaurant and it had remained there. He was fined \$1.

STRENUOUS COUNTING.

Supervisor Manning, as senior member of the board, presiding yesterday during a brief morning session in the absence of Chairman Friedman, who has been ill at his home since he was obliged to leave his place Monday. It was reported yesterday that his condition is improved but that he may not be back for a week or two. The strain of the election count, which brought about constant bickering between the parties, is supposed to have worn on him until his nerves collapsed.

HELP FOR COLLECTOR.

Charles C. White of Washington, D. C., has been assigned to duty in the office of Internal Revenue Collector Parker. The accumulation of work growing out of the collection of tax excise tax has made the employment of an additional clerk necessary.

FLIP OF COIN MAKES HOPPE.

Baby Boy Becomes Champ by Turn of Fate.

Pa's Pool Table Develops Great Career.

Willie Does Road Work for Each Tournament.

If Willie Hoppe's pa hadn't decided at the last moment that a pool table was indispensable to his little son's chair, the boy would have been a champion of the world.

And pa came mighty near not adding that pool table to his list of necessities. You see, pa's well as it was, situated near the depot, it was working overtime without the aid of the family car.

Anyhow, pa decided to toss up a coin. Up it twisted, curving a flashing arc in the sunlight. Little did he think that great importance was attached to that coin.

Head! That meant the table—and the table meant—well, what Willie Hoppe is today.

The pool table installed—well, Willie and his brother, aged 4 and 6 years, began to take an active interest in the wooden sticks and pretty colored balls.

EXHIBITION AT 6 YEARS. At the age of 6 and 8 years these youngsters could claim a cue and a table for their own use.

At the age of 10 and 12 years these youngsters could claim a cue and a table for their own use.

BEAT CHAMPION VIGNEUX. The age of 18 years found Hoppe victorious in a match with the champion, Vigneux.

Yes, it's a game of nerves," said Willie, "and much more exhausting than I think. Would you believe it when I tell you that I do road work in preparing for my engagements?

HE DOES ROAD WORK. "Yes!" continued Willie, "if your physical condition is good—your nerve is bound to be good also.

"Of course, I always practice at the pool table. I do it every day and every night, except during three months in the summer, when I rest.

"And your nerves?" we asked. "Oh, they are all right. But do you know that it's a terrible strain on the nerves and not the playing you do yourself."

FOREIGNERS COMING TO TRY US OUT. (BY WIRELESS LINE TO THE TIMES.) NEW YORK BUREAU OF THE TIMES, Dec. 7.—(Special Dispatch.) Should a race for the America's cup develop from the visit of Charles C. Allome of England to this country?

Arrangements for a contest between Oxford and Cambridge athletes and those of Harvard and Yale have been practically completed.

Three of the leading European professional golfers, including Ray, the British champion, are said to be contemplating a visit to America and it is expected that an American motor boat fleet and an American tennis team will go to England to recover the British International and Davis cups.

ANOTHER ASPIRANT. Another western lightweight with a good record has reached New York prepared to take on all the good boys at his weight.

Long Beach High.

(Continued from First Page.)

either South Denver High for the championship of the West, Washington High of Portland for the Pacific Coast title, will belong to his boys.

A wire was received from the South Denver High School management last night which stated that the team would come to Los Angeles for a Christmas game, if a guarantee of the necessary funds was given.

An offer was wired to the Washington High School management yesterday. Iversen of the Long Beach team is from the North and believes that the Oregon High School team would be a better drawing card than South High of Denver, but it is barely possible that the faculty will not allow the Washington High School team to come to Los Angeles.

Nothing definite will be done until a reply comes from Portland and then arrangements are to be completed for either one of these teams to come to Los Angeles for a game.

Mr. Wad Is Having One Awful Time Doing His Christmas Shopping---He Hasn't Bought 'Em Yet!

DOWN THE LINE WITH HARRY WILLIAMS

Football. There are two and possibly three important football games yet in the Southern California schedule for the season, which finally, close, tomorrow day the U.S.C. yard at Los Angeles Athletic Club on Board Field. This should be of more than passing interest, as it will settle several important facts. In the first place we will know the result of the game between the university against even for the first time this season. Then the game will show the ability of the club, and if the U.S.C. is good, the Trojans can look forward to a real competition next season with the local variety for the title. This element is badly lacking for the past season.

December 14 the Los Angeles Athletic Club and the Berkeley High School teams will meet for the title, according to the rules. The third game is yet only a possibility. However, the Pasadena American team, the U.S.C. team, is trying to get the title with the Denver High School, who will settle in a large measure the championship of the West.

Baseball. The members of the team are trying to make a record of everybody in the city, and the High School team, and a few facts are stated about other than in the line of the youngsters get sore. The institution should be that it is won and let well alone.

EDDIE CAMPI IN HARD LUCK.

Coast Bantam Very Anxious to Fight, But Cannot. Kid Williams Now Demands a Big Guarantee. Campi Willing to Battle on Winner-Take-All Basis.

Nothing Doing.

Eddie Campi occupies a unique position in the Queensberry world. Generally acknowledged to be one of the foremost contenders for the bantamweight title, he is the victim of enforced idleness. Willing to fight any man in his class, he finds it next to impossible to nail down a match.

Some high class fighters are continually in demand. Take Packy McFarland, for instance. Packy could have steady employment if he felt like accepting. Promoters have grown weary of shoving him under his nose, only to have them sneered at. Packy believes in working only at his own convenience.

No such luck for Campi. Many believe that the only thing that can keep Tim McGrath's bantamweight "hope" out of the title is increasing pounds. Campi is young and growing. Just now the bantamweight limit is easy for him, but a year from now he may graduate into the featherweight class.

None of the bantams seem to hanker after Campi's game. McGrath fondly imagined that "Kid" Williams would come to the Coast and accommodate his man. Campi and Williams were booked to box before the local club on January 14. Just as everything was looking lovely, Williams ruffled the atmosphere with a demand for a \$2000 guarantee. This may result in negotiations being called off.

"I hardly see where Williams figures that he is in a position to demand a guarantee," said McGrath. "He is a big drawing card in New York, but here Campi is fully as big an attraction. Now, if Williams really believes that he is good enough to fight his way into the bantamweight championship, we will make him a proposition that will beat a \$2000 guarantee. He will fight him on a winner-take-all basis."

COUNTRY CLUB GOSSIP.

BY ALMA WHITTAKER.

THE women golfers of the San Gabriel Country Club played their monthly competition for the association medal on Tuesday afternoon. ("Oh, yes, we know it is to be an evening wedding at Christ Church, Wednesday the 11th. No wonder she has had the dressmaker in the house for the last month.") Eh? Oh, yes, as I was saying, the women golfers at San Gabriel-- ("even Mrs. Bruce, did not know about it, for she had asked several of us down to a bridge luncheon at Santa Monica on that very day.") The winner of Tuesday's golf match at San Gabriel was-- ("and her wedding dress is made already. Was finished more than a week ago. White silk, of course, in the daintiest style. Won't Florence make the sweetest maid of honor? I believe they have been engaged for nearly two years, don't you? Recall that her sister, Tom Bundy, watched her come down the Peacock's parade at the club on Thanksgiving Day? It made his heart glutter? May used to keep her all upstairs in an attic, covered up with old petticoats-- the cleaning of all that fabric became too strenuous a task. Who cleans the combined parties with that fine silver tea service Pasadena gave her. And then she can use some of the other trophies as spoon-holders and soap dishes and jelly jars. Of course, many of them can be used for flower vases. They might start a new fashion and use silver mugs instead of glass tumblers. A nice round, low one could be used for pusses' milk and doggie's water. There is one very big beautiful trophy that May brought back from England that would make a lovely dishpan. And after they have used every one they possibly can for something useful, there will still be enough left over pots to wash down the sideboard, the mantel shelf, the bookcases, the shelf above the door, the art treasures over the doors, the dressing-tables, bice-a-brac cases, kitchen shelves and porch facades.

They ought to call their house silver, or something like that, or something like that, or something like that.

What golf match? Oh, that. Well, if you please, Mrs. Harry Kearns of Riverside, came down for it all the way from Riverside, and she joined the San Gabriel Club, too. Miss Constance Clark also played likewise. Miss Gwendoline Lawton, Miss Margaret Halsted, Mrs. Marnell, Mrs. Howard and Mrs. Perley. Miss Marion Clark's win was very popular, needless to say. And won't May Sutton's hair look pretty under a sort tulle veil; that's all?

Club Calendar.

The San Gabriel Country Club is the first to issue a calendar for its own golf events for the season, and it must be confessed it is a very full one. No holiday is allowed to pass without a golf event of some kind or other. There is a very commendable enthusiasm among the members this year in every direction. There are to be handsome trophies for each occasion, and so into a contributory cup fund is being raised by the members themselves to augment the social club fund for this purpose.

One cannot but observe, however, that the programme has been drawn up by a very masculine mind. I will wager a great deal that a confirmed bachelor, possibly one that has been crossed in love several times, drew up that document. Nowhere in any part of it is there a recognition of the fact that women golfers exist! To read that programme you would naturally conclude it was a stag club of pronounced character. The Tom Morris trophy receives full notice, the Craft Higgins trophy goes abominably ignored, and a contributory cup fund is being raised by the members themselves to augment the social club fund for this purpose.

NEW YORK BUREAU OF THE TIMES, Dec. 6. (Special Dispatch to The Times by Wireless Line.)

Battling Jim Johnson, the colored heavyweight of Tennessee, who made Joe Jeannette extend his fight to defeat him in a ten-round bout here several weeks ago, will get another chance at Jeannette in a ten-round fight at the show of the Forty-fourth Street Club, Friday night. Dan McKetrick, the club's matchmaker, signed the fighters today.

All Day Session.

PASADENA, Dec. 6.—The Cauldron Club, which was organized only last winter, with the fostering of literature and the drama as its purpose, last night held a housewarming at permanent headquarters which it has opened on the third floor of the east building of the Hotel Green. There was a large attendance, a flow of wit and plans were made for an active and profitable winter.

Last year the club had no rooms. Dinners were given once a month at the Green. The quarters that were thrown open last night, consist of an assembly-room, a library and a billiard-room. Meetings will be held there monthly, as last winter, and the rooms will be in constant use by the members.

W. H. Lutz, president as toastmaster at the dinner last night. Toasts were responded to as follows: "Our Guests," Edmund G. Bennett; "Our New Home," Samuel S. Hild; "Our Ambitions," J. N. Van Patten; and "Our First Effort," Harlan W. Hall. Arrangements were partially made for the presentation of a play this winter, by the club.

BURGLAR FRIGHTENED AWAY.
In the absence of John B. Miller, president of the Southern California Edison Company, from the city, a burglar entered his palatial home at the corner of Hillcrest drive and Columbia street at 4 o'clock yesterday morning and was collecting the valuables of the household when he was awakened by Mrs. Mary Botford, an aunt of Miller's and became so frightened as to turn on the electric light that he fled precipitately. It was announced at the Miller residence last night that all he succeeded in removing was the purse of the children and that they contained in all only \$12.

An entrance was effected by prying a latch from a window near the front door. The burglar had been in several of the bedrooms and gathered some of the silver ware, preparatory to taking it with him, when he entered Mrs. Botford's room. She was awakened by the light from his flash lamp and turned on the electric lights. The man made instantly for the door and was gone before the servants could be aroused. The police yesterday went to the house and made a search of the prints found on the window. It is the first time that the new fingerprint system has been used in this manner and there is a chance that the prints may lead to the capture of the man.

WIND BLOWS HARD.
Just twenty-one years to a day from the date on which the roofs of several buildings here blown loose from their fastenings, and persons came from Los Angeles and other Southern California points to take a look at what they supposed would be only the ruins of Pasadena, having heard that a cyclone had come this way, the worst windstorm in many months attracted some attention on its own part yesterday morning, and the night before.

The records of Weather-Forecaster Sorensen show that while, taken five minutes at a stretch, the wind did not reach a velocity of more than thirty miles an hour, some of the gusts blew as hard as thirty miles an hour for a minute or two.

Sgt. A. O. Bristol of the police department, who was the first resident of Pasadena, and who is authority on all things pertaining to the pioneer days, said last night that the twenty-first anniversary of the storm was nothing like the original, which was one of the great excitements in the history of the city.

DISCUSS CHILD PROBLEMS.
Respectfully day of the first district of the California Congress of Mothers attracted about 200 women to the Lincoln Park School in South Pasadena yesterday afternoon. An interesting program was featured. There were a number of well-known speakers.

Among them was Mrs. Robert J. Hurdette of the city, who opened a discussion on "The Social Side of the Child's Life."

"The fact that there is a social side to the child's life in the family shows that we are progressing," she said. "To my mind the child has a perfect right to be an individual in the family. I am not advocating that the child set itself up, but I do advocate that it have its right to the interpretation of life as well as the older members of the family."

Mrs. S. W. Odell had something to say about the fathers. "The Modern Father's Share," was her subject, and she recommended that the fathers do a little of the discharging.

Others who took part in the program were Mrs. Charlotte Heron, Rev. Charles M. Fisher, Mrs. L. A. Vall, Mrs. A. L. Hamilton, Mrs. O. B. Manchester, Mrs. George Monroe and Mrs. W. J. Chauncey and Madame Bona of New York.

WARRANTS ARE SERVED.
Constable Harley Newell yesterday served two warrants charging larceny and disturbing the peace on Mrs. John Wolfkill of No. 222 Arroyo Terrace, against whom Nucky Hamilton, a colored cook, complained before Justice of the Peace in the hands of Mrs. Wolfkill was told to appear before Judge McDonald at 10 o'clock this morning.

NEGRO MINISTER ACQUITTED.
After a trial that lasted the greater part of yesterday in Justice of the Peace McDonald's court, Rev. G. W. Hart, a negro minister, was acquitted of the charge of disturbing the peace that resulted from an altercation which ensued when two rival factions of the Metropolitan Baptist Church attempted to hold meetings simultaneously at the church edifice several weeks ago. The case was tried before a jury and the courtroom was packed

with a good share of the colored population of the city.

CITY BRIEFS.

The Pasadena Audubon Society will meet tonight at the home of Mr. and Mrs. A. H. Chamberlain, No. 377 North Los Robles avenue. Dr. E. G. Hunt will speak of a recent trip to the Yosemite Valley.

O. J. Leavengood of Pomona, A. Parsons of Walnut, E. Westland of El Monte and E. B. Cornell of Porterville, yesterday signed contracts with the Tournament of Roses Association to enter their teams in the New Year's Day chariot races. They themselves will be the charioteers.

FORCED TO LEAVE MEXICO.

Minister and Family Driven From Southern Republic by Bandits Arrive at Pomona Home.
POMONA, Dec. 5.—Forced to leave Mexico because of the hostilities of bandits, Rev. and Mrs. A. B. Case, the latter a daughter of Mrs. J. H. Rice of this city, who have been for nearly a quarter of a century missionaries under the American Board of Missions of the Congregational Church at San Buena Ventura, Chihuahua, have arrived here and are at the home of Mrs. Case's brother, Dr. N. J. Rice, of North Gordon street.

Mr. Case reports conditions at San Buena Ventura to be worse than ever before. Recently his household was attacked at midnight by bandits who demanded \$500. When he told them that he did not have that sum there, he was threatened with rifles and finally taking \$10 which he had the outlaws departed. Mr. Case states that there is no danger from the Mexican people, but that the bandits have caused all the trouble. As conditions continued to get worse Mr. Case and his wife after making secret preparations and by traveling nights and overland, succeeded in getting to the United States.

He has about 2000 acres in Mexico and his work as a missionary has consisted in a large measure of late, in conducting a Christian experiment station, trying to Christianize the people by teaching them how to plant, cultivate and reap their crops by modern methods and thus increase their food supply.

NEWS BRIEFS.
The Poona division of the Women's Relief Corps has elected officers for the coming year as follows: Mrs. M. Hill, President; Mrs. Peck, Senior Vice-President; Mrs. Morgan, Junior Vice-President; Mrs. Hodgins, Treasurer; Mrs. Houshelt, Chaplain; Mrs. Nugent, Conductor; Mrs. E. Bush, Guard.

A number of members of the Poona Farmers Club, and others here are planning to attend the annual farmers' institute of the University of California which will be held at Walnut, west of here, on December 10, with J. B. Neff of Anaheim in charge. Subjects of much practical value to farmers will be discussed by experts. Mr. Neff will talk upon "The Proper Use of Irrigation Water," and J. E. Christensen of El Cajon will speak upon "The Care of Walnut Groves." Dr. S. S. Twombly of Fullerton will discuss "Fertilizers," and Prof. C. L. Leach of the University of California will address the meeting on the subject, "Pure Food and Pure Water."

Street Superintendent Ed Baker and Park Superintendent J. W. Paige are driving new automobiles furnished by the city, because of the great increase in the work of the street and park departments, making it impossible to manage on horseback.

Newly-elected officers of the Fraternal Aid Association are W. M. Stroud, Past President; Rufus Wiley, President; Frank C. H. H. Carter, President; Charles Carter, Secretary; W. H. Foster, Treasurer; Mrs. I. D. P. Carter, Secretary; W. H. Hartman, Guide; George Scanlon, Observer; H. J. Boyer, Sentinel; Hugh Lindsey, Trustee; and Mrs. Henderson, Smith, Foreman; David L. Turner and Wilson, Medical Examiners.

San Antonio encampment of Odd Fellows, held at the city hall, for the coming year as follows: Otto Kuntz, Chief Patriarch; E. M. Thorson, High Priest; Ira D. Bailey, Senior Warden; E. E. Fisher, Junior Warden; R. R. Trotter shows that the amount disbursed by this municipality during the month of November, was over \$10,000. The receipts were over \$2,000, much of this being from taxes. There was a balance on hand in all of December 1, the sum of \$42,624.44.

NO OFFER WAS MADE.

Fraser Denies that Eddie Maier Is Trying to Secure His Ocean Park Frontage.
SANTA MONICA, Dec. 5.—Perpetual rumors that E. R. Maier had purchased the Fraser pier and that he would abandon work on the Center-street structure were denied today by Alexander R. Fraser.

Fraser stated that he had not even been made an offer for the structure, and that the sale of the pier and frontage seemed far. Mr. Fraser stated that he would not rebuild in Ocean Park, no matter what the City Council did with his Ocean front easement proposal, which was made long before he announced his determination to withdraw from pier and hotel building in Ocean Park.

NEWS BRIEFS.

Santa Monica is to have band concerts. E. P. Benjamin states that the Donnell exhibition has been engaged to give band concerts on Saturday and Sunday afternoons, from 2:30 to 4 o'clock, in the band shell in front of the new Ocean hall, just north of the municipal pier.

Mayor Dow, who is now encoined in his headquarters in the southeast corner of the lower floor of the City Hall, was presented with a handsome brass writing set today by H. H. Wedel, an admirer of the Mayor's policy.

The new High School will be thrown open to pupils in instruction on December 20. Next week will be the last week in the Lincoln building for the High School grades. The school will be moved to the new building, which the equipment will be moved and things set to rights.

HOW OVER PRICE ADVANCE.

Venetiens Compelled to Pay Two Cents More for a Quart of Milk Than the True Investigation.

VENICE, Dec. 5.—Following a rise in the wholesale price, Venice provision men raised the price of milk Tuesday from 10 to 12 cents per quart, causing vigorous protest on the part of customers. Individual kicks on the rise in price of the lactical fluid have been made to induce a fairer price to become a concerted action on the part of Venetiens to enter the market.

Low sold to compete with the Santa Monica Dairy, which controls the local milk situation in Santa Monica and Venice.

Retail dealers have been told that their milk would cost them 25 cents per gallon, a raise of 5 cents and 5 cents per quart in bottles, a boost of 15 cents. The grocers and retail creameries say that they cannot handle the milk for 1 cent per quart. Manager Purdy of the National Grocery Company stated yesterday that he has been unable to buy milk from any other concern than the alleged trust, because independent concern through lack of milk.

Charles Tatcher and C. H. Ritchie compose a committee which has in charge the arrangements for the Masonic banquet which is to be enjoyed by the Southern California Association of Masonic Past Masters at a pier cafe Saturday. The former masters of Masonic lodges will come here in a special car at 7 o'clock and will dine until 9 o'clock. An effort will be made to have the big Masons choose this city as their regular banquet place.

PUBLIC IS NOT IN FAVOR.

Year of Effort in Behalf of Commission Experiment Will Result in Nothing—Baker Waiting.
SANTA MONICA, Dec. 5.—Because of widespread apathy and considerable opposition on the part of the people of the city, all efforts at charter reform this year have been abandoned, and Santa Monica will get along under its present mode of government for some time.

Mayor Dow and the prominent citizens have been urging the commission form of government upon the people, but Santa Monicans have failed to see the benefit of the innovation. Efforts to get fifteen well-known and substantial citizens on the board of freeholders to pass upon the draft of the new charter have been met with many refusals and much argument. It is now thought too late to get the measure before the next Legislature, even though the people approved of it.

AWAITS INVITATION.

Don W. Baker did not take his seat in the second Ward Monday night, as expected. It is stated that he is awaiting an invitation from his fellow-Councilmen. The city fathers passed an ordinance instructing the City Clerk to sign the Fraser Ocean Front easement, and an effort will be made to pass it over the head of the Mayor.

It is now thought too late to get the measure before the next Legislature, even though the people approved of it.

SUMMARY OF THE DAY.

The Legislation Committee of the City Council yesterday turned down the proposed ordinance providing for the establishment of a Plumbing Commission, planned by union plumbers to shut out independent workmen.

The ordinance proposing that every householder must file with the police department a lot of personal data before he could move his household goods from one place to another was squelched by the Legislation Committee yesterday.

A compromise was effected yesterday in the controversy over what shall be the width of Vermont avenue from Sixth street to Griffith Park, and the 120-foot street proceedings will be abandoned while new proceedings will be started for a 100-foot boulevard.

Announcement was made yesterday that Councilmen Topham and Reed will ask the Council next Tuesday to provide at once for the location of at least two halls for municipal dances, and the employment of a municipal chaperon at each of these.

A jealous husband spanked his wife because he found her in the company of another man, and she asked and received a decree of divorce in the Superior Court yesterday. The judge said a spanking is a greater indignity to a woman than a blow in the face.

UNION SCHEME FALLS FLAT.

NO "PLUMBING COMMISSION" FOR LOS ANGELES.

Council Legislation Committee Decides It Will Not Lend Itself to Any Attempt to Shut Out Independent Artisans from Working at Their Trades Here.

Eight separate times attempts have been made by union labor organizations or their representatives to introduce the City Council to pass an ordinance creating a "Plumbing Commission"—ostensibly to be of service to the sanitation of the city, but, as has been clearly indicated by its persistence, as well as the general provisions of the proposed ordinance, really for the purpose of bolstering up the cause of the union plumbers by hampering non-union men in securing contracts or obtaining certificates permitting them to work on plumbing jobs.

The final struggle was made by the unions and their representatives yesterday, but the proposed ordinance died a decisive death in the hands of the Legislation Committee. Councilman Lewis R. Works appeared as attorney for the unions, urging the recommendation of the ordinance for passage. He declared that he was willing that the provisions should be modified so that the vested rights of plumbing contractors who had been in business for two years would be safeguarded, but in the arguments that ensued on the provisions admitted that the purpose of it was to limit the number of workmen and that this number ought to be limited, as this was a question of sanitation and should be subjected to strict supervision.

The ordinance proposed provided that the commission be formed of the City Planning Inspector, a journeyman plumber who had served a regular apprenticeship, and a master plumber, who had been in the business in this city for at least five years. Before this board, which would be appointed by the Mayor, would have to appear all plumbers, masters and journeymen, and take examinations. The ordinance provided no time limit on such examinations, nor any method of conducting them, except that portions of it should be written, oral and mechanical—the tests to be applied were left to the discretion of the proposed board and a man's union or non-union antecedents could be easily looked up before he took the examination, which could be made to fit the circumstances as the board saw fit.

There was also a re-examination feature, under which trumped-up charges could be filed against a plumber and he would have to submit to such other quizzes as the proposed commission might devise.

Works was backed by a coterie of labor-union leaders who urged that while this ordinance might benefit them, it was for the public's good that they were so persistent, but it didn't make any impression on the Council members.

B. A. Finch, president of the Trade Schools, and E. F. Porter, a foreman in these schools, appeared to oppose the ordinance, and pointed out how it could readily be used to prevent non-union men working at their trade in Los Angeles, and the possibilities of at least two members of the proposed commission being union men, who would be glad to pursue such a policy.

Councilmen Andrews and Reed each took the position that the interests of the city ought to be safeguarded through the activities of the City Planning Inspector, and that they would not be parties to any plan that would prevent free and untrammelled laborers from working at their legitimate business. Reed urged that the ordinance be filed, and the eighth attempt to harass independent plumbers went down to defeat.

MOVE AS YOU PLEASE.
ORDINANCE MEETS DEFEAT.
You will not have to go on record at the Police Station when you want to move your lard and penates to a new domestic. The Legislation Committee of the City Council so decided yesterday, when it killed the proposed ordinance requiring the filing with the Chief of Police a record of every move of household goods—from whence they came and whither they went.

reports upon all the people because there were some dishonest persons in the city, and that he believed such legislation would simply be another element in encouraging furniture installment dealers to be more careless in extending credit.

Councilman Andrews took a similar stand, reiterating his statement that such a law would be the effect of stultifying the city and compel every man who wanted to move to have his name and other personal memoranda filed at the Police Station along with rogues and criminals. The question was also raised as to whether this would not be class legislation, and so many objections were raised that the proposed ordinance was filed into the pigeon-hole marked "Filed."

Effect a Compromise.
A compromise was brought about yesterday between the factions that such a law would be the effect of stultifying the city and compel every man who wanted to move to have his name and other personal memoranda filed at the Police Station along with rogues and criminals. The question was also raised as to whether this would not be class legislation, and so many objections were raised that the proposed ordinance was filed into the pigeon-hole marked "Filed."

At the session of the Municipal Railroad Committee yesterday it was decided to ask for the transfer from the City Attorney's office to a committee composed of Deputy City Attorney Houghton, Engineer Howell and City Engineer Hamlin the investigation of franchises held by the Los Angeles Railway Corporation, but may have a bearing on plans for the proposed municipal railroad.

The application of the Pacific Electric for permission to double-track portions of its line at San Pedro was discussed and the committee decided to ask that when it is reported to the Council from the Utilities Board it be referred to this committee and be held there until plans for the municipal road at San Pedro are determined upon.

The statement was made that Engineer Howell was working on plans for the proposed San Pedro terminal, and that these will soon be ready for consideration.

Municipal Dance Halls.
Councilmen Topham and Reed will present a resolution at the next session of the City Council asking that provision be made for leasing public halls—at least two—for municipal dances. It will be proposed that special officers on the police department be stationed at each of these and that a capable woman be employed with each hall as a sort of municipal chaperon.

City Hall Briefs.
The Board of Public Works yesterday gave its approval to the settlement affected by the Aqueduct Bureau of the claim of the parents of Felix Chavez for damages. Chavez was killed January 25 in an accident on the aqueduct work. One thousand dollars will be paid to his parents, who reside in San Francisco.

The Los Angeles Railway Corporation notified the Board of Public Utilities yesterday that it will place eight more cars on the Rimous line to relieve traffic congestion.

Commissioner Wheeler of the Public Utilities Board has begun a series of inspections of the plants of various public utilities, for the purpose of gathering data to be used in fixing utility rates for next year. Wheeler will devote his forenoon to this task for some time. Yesterday he visited the plant of the Southern California Edison Company, and the previous day that of the Home Telephone Company.

Inspector of Public Works Hansen recommended yesterday that the board ask for an ordinance providing a charge for permits to allow building material in the streets. Hansen pointed out that a considerable portion of the time of inspectors is required to see that such material is kept in proper shape and others left free.

SPANKED WIFE IS RESENTFUL.
OBJECTS TO HUSBAND'S WAYS; JUDGE SUSTAINS HER.

Declares Such Treatment Is More Humiliating to Woman Than Blow in Face—Silver Dollars, Another Man and Skillet of Eggs—Friendly Admonition.

"He spanked me, judge," complained Mrs. Melvina E. Gomes in the divorce court yesterday. She sued for a decree from Lloyd A. Gomes, an employee of the postoffice.

"Just as you would a child?" asked Judge Monroe.

"Yes, sir, and it was good and hard," she said. This was only one incident of Gomes' alleged cruelty as told by his young wife. The story involved a silver dollar, a man named Hickman, who was a friend of the family, and a skillet of fried eggs. The silver dollar was at the bottom of the trouble. Gomes found it in the back yard and put it in his pocket. He accused his wife of having entertained Hickman. She denied the charge.

"No, Your Honor, he knocked me out," Gomes blamed Hickman for the trouble which resulted in their separation. A decree was awarded to Mrs. Gomes on the strength of the spanking. She was awarded the custody of the child and Gomes was ordered to pay her \$40 a month.

The court said he thought Mrs. Gomes had been exceedingly indiscreet. She knew her husband was jealous, but in spite of this she continued to talk to Hickman. "If you marry again, I hope you will take a lesson from this and be a little more discreet," he said.

"I have had several cases where the husband spanked the wife, and I don't understand why they do it. I don't think a woman could undergo worse indignity than to have her husband haul her across his knees and spank her. I think it is a good deal worse than striking her on the face with his flat."

SUMMER AND AUTUMN.
SANTA ANA MESALLIANCE.
When a woman under 50 marries a man twenty-six years her senior, she must take the consequences if their domestic life is not congenial. Judge Monroe declared yesterday, after hearing the testimony in the suit of Mrs. Jane A. Thomas against Charles R. Thomas. The court voiced the sentiment when he denied Mrs. Thomas a decree.

There was a Santa Ana marriage, and when Judge Monroe learned the fact he seemed to see a light. He has frequently declared a large percentage of Santa Ana marriages, especially elopements, end in the divorce court.

"What did you want to get married for?" the court asked Thomas, who is 75.

"I was lonesome after the death of my first wife," Thomas replied, "and wanted companionship."

Mrs. Thomas, who gave her age as 49, said they slipped away to Santa Ana because she feared the children might object. She was a widow with one grown son. Thomas is a grandfather.

Mrs. Thomas was doing fairly well keeping a rooming-house when she was asked her to become his bride. He owned considerable property. First troubles arose over bills, according to the testimony. Mrs. Thomas thought her son should not be asked to pay half the family laundry bill. She complained her husband became ill and left her seven times, remaining away for a day or two. Both appeared to keep tabs on expenses in memorandum books, without the knowledge of the other.

According to the testimony, when she gave her age at the time of the marriage, Thomas dropped the years. He confessed he did not know how old his wife is, declaring she would never tell him.

CHILDREN UNDISPUTED.
FATHER CUTS THEM OFF.
A rebuke is contained in the will of J. Henry Steiny, filed yesterday, for a son and a daughter who he states were not mindful of the welfare of their parents. The will gives the son, Cornelius J. Steiny, and the daughter, Mrs. Lily May Tiffany, \$1 each. The residue of the estate is bequeathed to special officers on the police department for the maintenance of his mother, Mrs. Melinda J. Steiny. After the death of the father, the property shall pass to George.

The will declares these provisions are made because he has confidence in his son, George, who has been dutiful and assisted in caring for his parents. The reason for not doing anything for Cornelius and Lily is that the former has not contributed to the support and care of his parents and has been in the habit of drinking. The latter, it is stated in the will, has a husband to care for her. Steiny complains she has not been mindful of her parents' wishes and welfare to the extent she should have been.

STOCKHOLDERS OBJECT.
WANT RECEIVERSHIP UPSET.
There is a prospect of extensive litigation in the affairs of the American Merchants' Syndicate. A receivership is pending, and a petition filed. Attorney Lincoln for the Goodrich Motor Company asked the court to have it set aside on the ground that proceedings were taken without sufficient hearing and the court ordered Love, a horse dealer, to pay his wife \$50 a month for a year.

APPEALS LOVE CASE.
The Love divorce suit will go higher. Attorney McKelvey said yesterday he will appeal from the judgment of Judge Monroe on the ground of want of jurisdiction of the court to make an order for alimony, after denying Mrs. Ida H. Love a decree. Judge Monroe ordered Love, a horse dealer, to pay his wife \$50 a month for a year.

Prisoners and Others Raged Impetuously When Quantity of Confiscated Liquor Is Spilled.

Under the supervision of Chief Rebasian 2500 bottles of confiscated liquor were emptied into a sewer at the Central Police Station yesterday. Unsettled minds of the law-abiding citizens of the time-honored tradition that popping cork and sparkling champagne are synonymous with festivity, were let loose and outstretched hands vainly reached through barred windows for the coveted vintage. Nor were these unfortunate alone in their pleading. Hundreds of interested citizens stood in the police-guarded alleyway and

gnashed their teeth in rage, while perfectly good booze trickled away. The work of destruction was directed by Property Clerk Matsukis and was witnessed by the Chief, the Mayor, the Police Commissioners and other officials, and "rank outsiders" who lent their presence but not their approval to the scheme.

In addition to the liquor, gambling apparatus valued at \$2500 also was destroyed.
